## Briefing of activity

## Workshop on "Stress Management"

This statement holds very true in today's scenario where everyone is in constant bafflement and riddles, where every moment is a testing moment and where running hands of the clock reminds us that we have to run and bear the loads of responsibilities and live upto the expectations of everyone around. All these situations create and lead to stress and strain in life. In order to help the teaching and non-teaching to learn to cope with the stress which they face in classrooms or at personal fronts, one day workshop on " Stress Management" was held on 30<sup>th</sup> May 2021 at 09:00 am through Zoom Platform by a renowned resource person B.K.Ashwinididi and B.K. Pramod Bhai.

The main highlights of the workshop were – workshop was arranged in two session. For first session resource person was B.K.Ashwinididi. She explained that we can not change the others. we should have to change ourselves. She explained about various types of stress faced by teenagers, stress relaxation therapy that could be followed and different stress management techniques. She also explained that "Stress can be good or bad, it is our attitude how we tackle with it". Answering to the queries of the teachers, she mentioned that it is very important

to vent out the feelings in front of the person who could give them the best guidance instead of keeping the knots in the mind. For the second session resource person was B.K.Pramod Bhai. He guided about the Guided Meditation and explained that how guided meditation is helpful in relaxing body and mind. He also demonstrated the Guided Meditation and because of this guided meditation, everyone present experienced a relaxed body and mind.

Addressing the gathering, Principal Dr.S.S.Thakare said that, stress and anxiety are an integral part of human nature and it is imperative to know how to deal with it and ultimately overcome it.

Near about more than 53 participants were registered for this workshop and 30 to 40 participants were present for this online workshop on "Stress Management". The workshop was host by Dr.R.V.Kene, Head Department of Mathematics and vote of thanks was proposed by Ms.M.S.Palaspagar.

The workshop concluded with a big smile on the faces of all staff and with a promise to deal with stress in a positive way.
